Dear Sirs:

The problems we retained George May Co. to work on included setting up inventory control systems and performance based job descriptions. Your staff consisting of [REDACTED] performed the work we requested. They are highly competent and productive employees of your company and we were very satisfied with their work product. They worked with our employees explaining the new systems that would be implemented and provided the necessary training for our staff to implement these new systems. We feel the monetary savings that were outlined by your staff will be achievable and that the new systems will enable us to achieve the accountability necessary to improve the quality of service to our guests. The entire conceptual process that is recommended by your company is very logical and we are very happy with our decision to involve you in our business solutions. We would be happy to act as a reference for your company.

Very truly yours,
[REDACTED]
